The copyright of above article is transferred to “NCSIS-2020”. The copyright transfer covers the exclusive right to reproduce and distribute the contribution, including reprints, translations, photographic reproductions, microform, electronic form, or any other reproductions of similar nature.

The Author may not publish his/her contribution anywhere else without the prior written permission of the publisher unless it has been changed substantially. The Author warrants that his/her contribution is original, except for such excerpts from copyrighted works as may be included with the permission of the copyright holder and author thereof, that it contains no libelous statements, and does not infringe on any copyright, trademark, patent, statutory right, or propriety right of others.

The Author signs for and accepts responsibility for releasing this material on behalf of any and all co-authors. In return for these rights:

1. The right to make copies of this article for his/her own use, but not for sale.
2. It is the responsibility of each author to ensure that papers submitted to NCSIS-2020 are written with ethical standards in mind, concerning plagiarism. Please note that all submissions are thoroughly checked for plagiarism. If an attempt at plagiarism is found in a published paper, the authors will be asked to issue a written apology to the authors of the original material. The authors will receive proper notification if such a situation arises.
3. This paper has not been published in the same form elsewhere.
4. It will not be submitted anywhere else for publication prior to acceptance/rejection by this NCSIS-2020.
5. The undersigned represents that he/she has the power and authority to make and execute this assignment. The undersigned agrees to indemnify and hold harmless the NCSIS-2020 from any damage or expense that may arise in the event of a breach of any of the warranties set forth above.

6. After submission of this agreement signed by the corresponding author, changes of authorship or in the order of the authors listed will not be accepted by Springer.
7. This paper will be recommended for publication in Springer Series of "Advances in Intelligent Systems and Computing", and indexed in Scopus tentatively during July-August, 2021, after fulfilling the required revisions, if any.
8. If we (the authors) are unable to fulfil the required revisions posed by Springer in the stipulated time period, the paper stands to be rejected for publication in Springer Series.

We accept and act in accordance with a decision or set of guideline given by NCSIS-2020.
